

Q :- Design a list in which user can ADD,REMOVE andCLEAR the list:-

```
Project1 - Form1 (Code)
Command1 Click

Dim i As Integer

Private Sub Command1_Click()
    i = 0
    Form1.List1.AddItem Item:=InputBox("enter the number"), Index:=i
    i = i + 1
End Sub

Private Sub Command2_Click()
    Form1.List1.RemoveItem Index:=i
    i = i - 1
End Sub

Private Sub Command3_Click()
    Form1.List1.Clear
End Sub
```
